

SAPPHIRE EVENTS

DESIGN PRESENTATION CREATED FOR THE WEDDING CELEBRATION ON
OCTOBER 20TH, 2018

CEREMONY DESIGN: ALTAR

A wild, organic floral arbor will surround the bride and groom. Greenery and touches of flowers will climb each leg of the arbor. The densest section of florals on the arbor will be hanging above the bride and groom. The focal point of this piece will be the central abundance of florals, drawing the guests into the center of the structure.

COCKTAIL HOUR: FOCAL POINTS

The design for cocktail hour is intended to be light and relaxing, acting as a transition between the ceremony and the romantic reception design.

A circular pit bar will be located in the center of the courtyard, giving guests 360 degree access to libations. The bar will be made out of raw wood to reflect the surrounding courtyard foliage.

An upright, interactive oyster station will be along the south wall. Oysters on half shell will sit atop crushed ice. Various condiments will be available to guests on top of the station.

A champagne tower will be placed in the south-east corner of the courtyard. This tower can be filled with sparkling rose or champagne. The champagne tower is an excellent way to increase beverage service during the cocktail hour and create a beautiful photo moment for the Bride and Groom.

DANCE ROOM: FOCAL PIECES

Chandeliers will hang amongst dramatic burgundy drapery from the beams in the space, providing romantic lighting and visual interest from above. For a personal touch, the Bride and Groom's monogram, designed by the stationer, can be projected onto the dance floor area.

Alcoves on either side of the stage will be filled with lush greenery and flowers cascading down the wall and an antique iron votive stand will sit below each alcove. The stand will be covered in candle wax, providing a romantic and moody focal point in the main room.

DANCE ROOM: 60" TABLES

A full floral centerpiece of blooms in shades of red, mauve and amber accented with dark greenery will sit high above guests seated at the 60" tables as to not obstruct their vantage points. Arrangements will be spotlighted in order to not lose the floral details amid the grand ceilings and romantic candlelight.

Four small satellite arrangements in a similar style to the large piece and various candles will sit at the base of the focal arrangement for maximum impact.

Tables will be covered in the Red Brocade linen. Each table will have ten Gold Chameleon chairs for guest seating.
